## A MESSAGE FROM MAYOR DANIEL J. URSU

As you know from the last "City Edition", despite the City's prolonged efforts to reduce expenses (including layoffs, shortened workweeks and salary decreases) to help maintain current levels of overall city services, it was necessary for Council and I to pass legislation to have residents begin sharing in the cost of rubbish pick-up effective July 1, 2010. Republic Allied Waste has sent out the first of its quarterly billings at about \$2.20 per week or 30¢ per day. The City still pays for the disposal costs.

As a resident, you will see no other changes in the garbage collection process. We were able to negotiate our contract in a way which avoids placing a limit on the number of bags that a household may set out for collection; furniture, appliances and recyclables will continue to be collected for no additional charge. In keeping with our prior policy, residents may schedule the free pickup of freon-bearing appliances (such as refrigerators and freezers) through City Hall.

However, knowing that even the smallest increase in one's expenses can be difficult, we were able to coordinate participation in First Energy's Electric Aggregation program to coincide with the rubbish program in an effort to offset as much of the added rubbish expense as possible. First Energy indicates that it will help most residents save at least between \$5 and \$6 every month and potentially much more if you reduce usage or take energy saving steps (see page 3).

At the same time, I want to remind you about the many great programs which the staff is working hard to continue, albeit on a greatly reduced budget. In the pages of this issue of the City Edition, you will see information on our annual Halloween Party, Craft Fair and Seniors Flu Shot Clinic. In addition, you will see what some of our newest organizations, including the volunteer CERT and Mediation Programs, have to offer as well as what the Greenwood Farm Association has in store this Fall with its "Fun Fest 2010."

Have a joyous Holiday Season!

## CONGRATULATIONS

## **RUBBISH BILLING QUESTIONS & ANSWERS**

The following are some frequently asked questions with answers regarding the City's new rubbish collection:

### **Whose responsibility is it to pay the bill for rubbish pickup?**

It is the responsibility of the home owner. If a rental home is involved, it remains the home owner's responsibility.

### **By what authority is the City requiring every home owner to pay for rubbish pickup?**

City Codified Ordinance 951.07 authorizes the City to require home owners to have rubbish picked up by a City contractor and for home owners to pay for this service. This Ordinance is a public health, safety and general welfare power granted to cities by the home rule provisions of the Ohio Constitution.

### **What is the billing cycle?**

The billing cycle is quarterly - every three months beginning July 1, 2010.

### **Are there any special services for the elderly or the disabled?**

A special service of having the rubbish containers picked up at the garage instead of at the street can be arranged by contacting Republic Services. Their phone number and hours are listed in the next question.

### **Who should I call with questions or concerns, or to make a complaint about the service?**

Call the Republic Services customer service at (216) 441-3600 or 1-(800)-968-7789; Monday through Friday, 8:00 a.m. to 5:00 p.m.

## **HOME OCCUPATION ORDINANCE BEING UPDATED**

City Council is currently reviewing and contemplating a revision to the Home Occupation Ordinance. Over the last 25 years, the business environment has changed greatly and many people are operating "legitimate" businesses out of their homes. However, that change has caused some people to push the limits of the ordinance and introduce situations where the business owner may be causing a "hardship or disturbance" to the residential nature of our city. Council wishes to maintain the residential nature of our city. They also recognize that some people have started businesses out of their homes in order to make a living. Council's job is to balance these two opposing ideas and strike a fair balance so that businesses can operate without disturbing their neighbors or changing the residential nature of each neighborhood.

Some of the changes that are being contemplated are regulating how many and what type of vehicles and equipment can be stored or parked on a property. We realize that there are many different sizes of property and we are attempting to scale the size of an operation relative to the size of the property. We are also going to require an upgrade of screening a business with the proper use of fencing and landscaping materials. We will also require that all business owners register with the City and acquire a permit to operate a business in their home.

These discussions have been ongoing since January in the Planning and Zoning Committee and a draft of the ordinance has been prepared and is nearing introduction.

Once the bill is introduced and council has a document that they can support, we will have a public hearing (tentatively scheduled for October 5 at 7:45 p.m.) At that time we will formally hear from business owners and residents to get their input before the legislation is passed. Changes to the ordinance can still happen after the public hearing but we hope to have entertained input from all groups before the public hearing. I encourage any interested parties to contact the Clerk of Council to obtain a copy of the draft legislation to review and provide input to the ordinance so that all parties are satisfied that we have reached a fair and balanced proposal.

Feel free to contact me personally if you have questions. My committee and I are committed to doing what is right and fair for all the people in Richmond Heights.

Donald O'Toole, Chairman - Planning and Zoning Committee of Council

**ENERGY SAVING TIPS**

- Replacing an old refrigerator (18 years or older) reduces electric usage by 35 percent.
- Vacuum clean the condenser coils on older refrigerators every 3 months.
- Chest-type freezers use up to 27% less energy than upright freezers.
- Use your microwave oven; they draw less than half the power than conventional ovens.
- Task lighting (over desks, tables and tool benches) eliminates the need to illuminate an entire room.
- Compact fluorescent bulbs use 75 percent less electricity; also use dimmer switches.
- Wash and rinse clothes in cold or warm water.
- When drying clothes avoid overdrying.
- Run your dishwasher with a full load.
- Look for the Energy Star label when purchasing new appliances
- A LCD tv uses much less electricity than a plasma tv.

**POLICE DEPARTMENT**

**Personnel**

Dispatcher Myron (Mike) Hubler retired after 30 years of service for the City as a Police/Fire Dispatcher. We wish Myron and his family the best in the years ahead.

**Cell Phone Usage**

Although the City currently does not have a specific ordinance prohibiting talking on the cell phone (other than hands free) or texting while driving, citations can still be issued under existing local ordinance 331.34(c) which states, “No person shall operate a vehicle without giving full time and attention to the operation of such vehicle.” Obviously, full time and attention cannot be given to operating the vehicle if you have a cell phone in your hand or are preoccupied composing and sending a text message. The fine for this violation could be as much as \$150.

**Other City Ordinances**

Below is a list of ordinances that residents are reminded of as the winter season and snowfall approaches;

- Ordinance No. 783.01** – Requires persons plowing snow in the community to obtain permits from the Police Department.
- Ordinance No. 783.03** – Prohibits any person, by any means, of depositing snow onto public streets.
- Ordinance No. 521.06** – Duty to Keep Sidewalks in Repair and Clean is the responsibility of the owner or occupant of the property that abuts the sidewalk.
- Ordinance No. 351.17** – Prohibits the parking on City streets when a Snow Parking Ban is put into effect as a result of a heavy accumulation of snow.
- Ordinance No. 346.01** – Prohibits the parking of unlicensed or out of repair vehicles on any property within the City for more than 15 days. Vehicles in this condition can only be parked in an enclosed building or garage.
- Ordinance No. 351.03 (a)19** – Prohibits the parking of vehicles on grass or any area not improved for vehicular use. Improved for vehicular use is defined in the City’s building codes. Laying down stone or gravel is NOT considered “improved for vehicular use.”

**GREENWOOD FARMS INFORMATION & OPPORTUNITIES**

The Charter Membership Drive for Greenwood Farm that recently ended on May 31, 2010, concluded with **51** members joining, producing a total of **\$5,100.00** in revenue for Greenwood Farm.

For a complete listing of those Charter Members whose memberships support our mission and strengthen our community, and provide seed money to continue the much needed work at the farm, check the Greenwood Farm website at [www.greenwoodfarmassn.org](http://www.greenwoodfarmassn.org). The Greenwood Farm Board of Directors thanks the Charter Members for recognizing the value of preserving the Pypers Estate for its historical, cultural, and environmental benefit to our community!

The Junk in Your Trunk Community Garage Sale held at Greenwood Farm on July 24<sup>th</sup> generated **\$1,697.53** in revenue for Greenwood Farm. This too will go towards the necessary work to be done to renovate the Farm.

The Greenwood Farm Board of Directors is seeking dedicated people to fill vacant volunteer positions on the Board of Directors. If you, or someone you know, are interested in serving your community in this unique way, please get a **Greenwood Farm Board of Directors Application of Interest** from City Hall or print the form off the website at [www.greenwoodfarmassn.org](http://www.greenwoodfarmassn.org).

The Greenwood Farm Association needs volunteer workers to assist in the on going renovation program at the former Pypers estate at 264 Richmond Road. Work parties are scheduled for each Saturday, between 9:00 a.m. and 12:00 p.m. until Saturday, October 30.

For further details please contact President David H. Roche at (216) 291-2207 or go to [greenwood\\_farm\\_volunteers @ yahoo.com](mailto:greenwood_farm_volunteers@yahoo.com)

For more information, contact the Board of Elections at (216) 443-3298.

**NEW COMMUNITY PROGRAM - CERT**

The City of Richmond Heights has recently formed a Community Emergency Response Team (CERT) Program. The CERT concept was developed and implemented with the purpose of training citizens along with private and government employees as a means of preparing for a disaster. In disaster, the demands placed on police/fire and medical services make it virtually impossible for City personnel to respond to all aid that is requested and needed. CERT was formed as an extension of first responder services offering immediate help to victims until professionals arrived. CERT is about readiness, people helping people, and doing the greatest good for the greatest number. It is a program where the action of citizens can make a difference.

CERT members were out and about this summer distributing literature in our neighborhoods. You may have seen them at Family Day, the Junk in Your Trunk Sale or the Back to School Celebration. On September 25 they will be at the Greenwood Farm Fun Fest. Please make it a point to stop by to learn more about this program or call City Hall at 216-486-2474.

Finally, the CERT Committee would like to recognize the following members who have completed their initial CERT training and provided proof of course completion for ICS 100, 200 and 700. Congratulations to David Roche, David Storey, Marybeth Muehle and Eloise Henry. Also, congratulations to Nelson & Tobi Barmen for completing the ICS 100 and 200 training sessions.

**SET CLOCKS BACK DAYLIGHT SAVINGS TIME ENDS**  
**Don't forget it's time to "FALL BACK". Set your clocks back one (1) hour on Sunday, November 7 at 2:00 a.m. This is also the time to change the batteries in your smoke detectors.**

## AT YOUR SERVICE DEPARTMENT HELPFUL TIPS

**Leaf Season...**Just a quick reminder; the Service Department will start picking up leaves the last week in October. Any changes will be posted on City Hall's message board and at [www.richmondheightsohio.org](http://www.richmondheightsohio.org). **Please do not put sticks, rocks or any other materials in with your leaves; our men could be injured and equipment could be damaged.**

**Snow Season...**It is a little early to be talking about snow but this City Edition covers mid-September through January. The following will help us all get through the winter months...

**-Residents** should be prepared for poor weather conditions at all times. If poor road conditions are forecast, you need to make arrangements to leave earlier.

**-If** you encounter poor road conditions it would be wise to reduce your vehicle's speed and allow ample stopping distance between you and another vehicle. This is also important when traveling behind a City plow truck. These trucks throw blinding snow off their plows and could make sudden stops and often back into intersections after dumping snow to plow the return lane.

**-If** we encounter continuous heavy snowfall, residents should not have **"unrealistic expectations"** of the Service Department.

**-The City is NOT responsible** for the removal of snow thrown into any driveway by City plows. Residents or snowplowing contractors should avoid plowing, shoveling, or blowing any snow onto the road surface. Piles of snow in the road can create dangerous obstacles for motorists and the City snowplowing equipment. If a person is reported leaving snow in the roadway, he or she could be subject to a possible citation. Residents should stress to their children to stay out of the path of snow being thrown off the plows; there could be rocks or ice which could injure a child in its path. Children should not dig tunnels in the snow or build igloos near the roadway or roadside ditches.

**- Rural Mailboxes** – mailboxes should be kept in good condition so they can withstand being hit by the force of the snow being thrown off the plow trucks. If a mailbox is damaged or the post broken because of thrown snow, the City **will not** repair or replace it.

**The City will only repair or replace a mailbox that has been hit directly by the snowplow equipment.** If the City does have to replace a mailbox post, it will be done with a post that is no larger than a 4"x4". All mailbox & posts that we do have to replace because of a **direct hit** from City plows will be replaced with a conventional box and wood post only.

## SPECIAL ANNIVERSARY COUPLES!

Richmond Heights residents celebrating 50 years or more of marriage in 2010: **Lawrence & Anna Smith, 60 years on June 10; Gene & Bev Nagy, 50 years on July 2; Tom & Gerry Staab, 50 years on September 24.** Heartiest congratulations to all couples from your home town!
