### **A MESSAGE FROM MAYOR DAVID H. ROCHE**

Though the pool is now closed for the season and the last notes from our Summer Concert series at the Gazebo in Community Park have drifted away, we look forward to celebrating all that autumn offers. Please plan to join the City of Richmond Heights and the Friends of Euclid Creek on Saturday, September 8 from 11:00 a.m. to 5:00 p.m. for The Fall Fun & Nature Festival at the Greenwood Farm located at 264 Richmond Road.

The City was just awarded a \$150,000 Community Development Block Grant. This grant will allow continued improvements to the lower level of the Kiwanis Lodge which began last year, with the help from Community Development Supplemental Grant. The City will be adding ADA compliant bathrooms, enclosing the rear entrance, renovating the lower level kitchen into a modern kitchenette, and making necessary sewer upgrades.

We hope you will take a few minutes to complete and return the 2018 City of Richmond Heights Recreation Needs Assessment survey included in this City Edition. The survey can also be taken electronically via a link from our website. Additionally, we invite you to learn more about the City of Richmond Heights and join roundtable discussions at our Community Conversations event in October. Your feedback is greatly appreciated!

City Council recently passed 7 ordinances (83 – 89) proposed by the Charter Review Committee to refine and clarify existing sections of the City Charter. These minor changes will be on the November ballot and can be viewed now, along with other city legislation, on the website Legislation page. Council also passed an ordinance for mixed use developments in the B-2 regional business district, allowing Economic Development projects to move forward.

University Hospitals' completed a \$1 million renovation and redesign of its Emergency Department (ED) at UH Richmond Medical Center, resulting in reduced patient wait times and enhanced patient care. The new Dollar General at the intersection of Chardon Road and Richmond Road will be opening soon, and a \$45 million airport improvement is anticipated to be completed this year. The city continues to collaborate with the county to attract business to the airport area. A link to the latest Master Plan is available on the city website Economic Development page. Dealpoint Merrill is making progress in the development at Richmond Town Square and we will continue to carefully review site plans, design, parking and other amenities associated with the project. The revitalization project for Richmond Heights City Schools is full speed ahead!

Be sure to visit our website at [richmondheightsohio.org](http://richmondheightsohio.org) for the latest city information. While there, become one of over 1,000 subscribers to our e-newsletter and visit the Residents page - Useful Links section for previous issues of the City Edition and the E-Newsletter. I look forward to seeing you soon at our upcoming activities.

### UNIVERSITY HOSPITALS RICHMOND MEDICAL CENTER DONATES AEDs TO RICHMOND HEIGHTS

University Hospitals Richmond Medical Center is putting lifesaving technology into the hands of the community it serves. The hospital donated eight new automatic external defibrillators (AEDs) to the City of Richmond Heights for use in department vehicles by first responders. The eight AEDs, valued around \$2,000 per device, will be distributed so that both police cruisers and fire apparatus are equipped with a device.

Sudden cardiac arrest is a leading cause of death in the U.S., according to the American Heart Association, and AEDs have been shown to dramatically increase the survival rate for victims. The newest AEDs electronically analyze a victim's heart rhythm and prompt the rescuer to deliver a shock when necessary.

AEDs are of little value unless people know how to use them. So

University Hospitals Richmond Medical Center's community outreach and education team also provides cardiopulmonary resuscitation and AED training FREE to residents of Richmond Heights.

The bi-monthly course is held at the Richmond Heights fire station. Call Chief Neumann at (216) 383-6304, if you are interested in attending an upcoming class.

## SERVICE DEPARTMENT NOTES

**Leaf Season:** Most of you know by now that the Service Department starts to pick up leaves the third or fourth week in October, but it always depends on the weather. Sometimes the leaves come down sooner and sometimes later than normal. **Once the Service Department starts picking up leaves they will NOT be chipping branches any more.**

Please **DO NOT** put sticks, rocks or any other materials in with your leaves, the workers could be injured and equipment could be damaged.

Rake leaves as close to the street as possible but **DO NOT** put the leaves in the street. The Service Department **will not** make special pick-ups for leaves, they have to stick to the route and schedule. They do a continuous loop of the City. You can go to [www.richmondheightsohio.org](http://www.richmondheightsohio.org) and see what streets they have been on daily during leaf season.

\*\*\*During leaf season and throughout the year, you can bundle your branches in four-foot lengths, tie them and put them out with your trash. This would be especially helpful throughout the year if you only have a few branches (twigs) to be picked up. Or you can put them in a brown bag made for yard waste or a trash can. Just make sure the bundles, bag, or trash can is manageable for one person to pick up. It shouldn't weigh more than 40lbs.\*\*\*
