Anthony Gimellia, Editor

The City Edition**RICHMOND HEIGHTS  
JOINS COMMUNITY  
PARTNERSHIP AGING**

Richmond Heights is now a member of the Community Partnership on Aging (CPA)! CPA is your source for programs, services, and resources to help maintain an independent, healthy and meaningful life for residents that are 60 years of age or better! Many of you are familiar with our programs, classes, daily lunches, special events, Lunch'n'Movie and monthly Café lunch. In addition to all that, CPA now offers Richmond Heights residents individualized, confidential social work services, various types of volunteer assistance, membership in the CARE program, homemaker services, a group lunch once a week, the Safe-At-Home safety modification program and more. Look for a special mailer in January that will introduce you to CPA, its many resources and necessary contact information. In the meantime, copies of the monthly newsletter will be available in City Hall (more locations to be announced). The newsletter is a great source of information about what is happening at CPA in the current month. Have a question or need some information? You can call the main office at (216) 291-3902 or reach out to the Richmond Heights Social Worker, Nancy Thorne, at (440) 442-2626 ext 244.

**A MESSAGE FROM MAYOR DAVID H. ROCHE**

Happy New Year!!! 2020 is an exciting year for our City as we welcome two new Council members: Kim Thomas for Ward 1 and Cassandra A. Nelson for Ward 3. We are looking forward to the 2020 CENSUS, a myriad of grant-funded projects, the continuation of phase one of "Belle Oaks at Richmond", and numerous special events this year.

In November, the City received notification that we were awarded an Ohio Department of Natural Resources (ODNR) NatureWorks grant in the amount of \$120,712 for the construction of a new ADA compliant, expanded playground for children ages 2 – 12 in the Richmond Heights Community Park. \$2,000 in matching funds was also received from the Richmond Heights Kiwanis and the Ohio District Kiwanis Foundation. Since the grant is a 75%/25% match program, the NatureWorks grant of \$120,712 will cover 75% of the total cost of the \$160,950 project, with the City and the Kiwanis funds covering the remaining \$40,238.

The 2020 CENSUS is coming soon! It is *vital* that every resident of Richmond Heights (including infants, children, adults and all tenants of rental properties, etc.) is counted in every home to ensure the City receives funding for the next decade. It is your civic duty and right. Multiple reminders from the Census bureau will be through mailings, emails and door-to-door. "Census Takers" will be carrying proper identification and are permitted to canvas all neighborhoods. We ask you to please complete your Census on-line at home, on your phone, with the Census Taker, or at the local library where trained assistants are available. You can also apply online to become a Census Taker at [www.2020census.gov/jobs](http://www.2020census.gov/jobs).

Phase 1 of DealPoint Merrill's "Belle Oaks at Richmond" mixed use project is moving forward on the former Sears Department store site with *"class-A multi-family and mixed-use development with the finest appointments and amenities, easy access and walkability to your favorite dining spots and retail shopping in Richmond Heights."* For a virtual tour and to learn more, visit <http://belleoaksrichmond.com/>

As part of the Cuyahoga County Bridge Replacement Project, the Highland Road Bridge is still predicted to remain closed through May 2020 for the bridge superstructure to be safely replaced. We appreciate your patience and please follow all detours safely as the county works to improve the quality of our bridges.

K-9 fundraising is in full swing at our Police Department. Please consider donating to the K-9 Fund. Make checks payable to the "City of Richmond Heights", and write "K-9 Fund" in the Memo line then mail to or drop off at the police station.

I strongly urge residents to register and re-register for Cuyahoga County's newly upgraded ReadyNotify system featuring CodeRED to keep our residents informed of local area emergencies platform. Visit [www.readynotify.us](http://www.readynotify.us) or download the CodeRED Mobile Alert App.

The next "Community Conversations" is on Tuesday, March 31 at 7:00 p.m. at the Kiwanis Lodge. Join us in informal roundtable discussions with department directors and key members of the county, local businesses, and the community who will be available to answer questions and review plans and progress within the city.

We also encourage residents to sign up for volunteer opportunities at our various upcoming events, programs and activities that take place year round. Our volunteers and sponsors are the heart of the City and without them, the success of our recreation activities wouldn't be possible.

Please bookmark our website [richmondheightsohio.org](http://richmondheightsohio.org) on your cell phone to get the latest City information wherever you are. I look forward to seeing you soon at our upcoming activities.

## ECONOMIC DEVELOPMENT NEWS

Planning and design continues on the residential and retail project now called “Belle Oaks at Richmond Road”. The \$100 million Phase I project, being developed by DealPoint Merrill, is on a 23-acre site at the north end of Richmond Town Square that includes the vacant former Sears Department store and surrounding Sears parking lot. The Phase I architectural design, incorporating 372 upscale market rate apartment units in six separate three and four story buildings; 16,000 square feet of groundfloor retail space; and 11,000 square feet of indoor and outdoor recreation amenities has been carefully reviewed and approved by the city’s Architectural Review Board, Planning Commission and City Council. The apartment units have been designed to be competitive with recent apartment development at Pinecrest in Orange Village and the Van Aken District in Shaker Heights. Demolition of the Sears store is scheduled for the first half of 2020. Detailed Phase I building renderings and apartment floorplans can be found online at [www.BelleOaksRichmond.com](http://www.BelleOaksRichmond.com).

Planning for Belle Oaks Phase II south of Phase I, also by DealPoint Merrill, has begun. Encompassing 45 acres, early Phase II planning would keep a renovated Regal Cinemas Theater and the newly refurbished CubeSmart indoor storage facility, but the rest of the Richmond Town Square mall would be demolished to be replaced with apartment buildings, restaurants, a fitness center, other types of retail stores and a public community greenspace. Phase II design must still go through the comprehensive city review and approval process.

The City welcomes Selman & Company, a national insurance company, who moved their headquarters offices and 125 employees into the vacant former Associated Estates Corporation building.

# 2020 Census FAQ

### What is the census?

The census is a count of every person who lives in the United States and its territories. It happens every 10 years. In early 2020, you will be asked to count everyone who lives in your home as of April 1. Responding to the 2020 Census is a chance to shape your future.

### What's in it for me?

Your responses inform where over \$675 billion is distributed each year to communities nationwide for clinics, schools, roads, and more.

Census data gives community leaders vital information to make decisions about building community centers, opening businesses, and planning for the future.

Responding also fulfills your civic duty because it's mandated by the U.S. Constitution. The United States has counted its population every 10 years since 1790.

Your responses are used to redraw legislative districts and determine the number of seats your state has in the U.S. House of Representatives.

### Is my information safe?

Your responses to the 2020 Census are safe, secure, and protected by federal law. Your answers can only be used to produce statistics. They cannot be used against you by any government agency or court in any way—not by the FBI, not by the CIA, not by the DHS, and not by ICE.

### When can I respond to the census?

In early 2020, every household in America will receive a notice to complete the census online, by phone, or by mail. In May, the U.S. Census Bureau will begin following up in person with households that have yet to respond.

### What will I be asked?

You will be asked a few simple questions, like age, sex, and the number of people who live in your home, including children.

### What won't be asked?

The census will never ask for Social Security numbers, bank or credit card numbers, money or donations, or anything related to political parties.

Located on the recently renamed Integrity Parkway, off of Richmond Road near Cuyahoga County Airport, Selman renovated the entire building, including a \$3 million, 13,000 square foot addition, to create a contemporary office headquarters building for its employees. The Selman headquarters building was dedicated on September 30<sup>th</sup> at a ceremony which included David Selman, President and CEO of Selman & Company, Selman employees, Mayor David Roche and members of City Council.

Construction began on a new all-weather enclosure covering the handicap ramp at the north end of the Kiwanis Lodge Community Center, funded with the assistance of a \$50,000 grant from Cuyahoga County. The enclosure will enable people with mobility issues to better access the renovated lower level of the Kiwanis Lodge year-round. The enclosure is to be completed by February.

Several new restaurants have opened or will be opening soon along Chardon Road east of Richmond Road. These include Rise and Shine Eatery, the Tasty Rooster, Hibachi Fast, and a new southern barbecue restaurant, yet to be named. Please remember to patronize our Richmond Heights restaurants and businesses. Successful local businesses help our tax base and make Richmond Heights a better place in which to live and work.

## DIVISION OF FIRE AWARDED AN \$80,000 SAFETY GRANT

The U.S. Department of Homeland Security (DHS), Federal Emergency Management Agency (FEMA) has awarded the Division of Fire a \$49,700 Assistance to Firefighters Grant (AFG). The grant monies will be used to fund the purchase of extrication equipment needed to perform vehicle machine rescues in crashed aircraft that utilize the Cuyahoga County Airport. The grant has a total value of \$47,333.33 (95%) with a minimum cost match of \$2,366.67 (5%). Cuyahoga County Public Safety & Justice Services has awarded the 5% local cost match to the City making the project 100% grant funded!

The grant will fund the purchase of battery and pneumatic operated rescue equipment used during aircraft rescue incidents, as well as, other types of rescue responses. The tools will include battery operated spreaders ("Jaws of Life"), cutters, drills, lights and saws which operate on interchangeable battery packs and chargers. Additionally, pneumatic airbags and air chisels will be purchased. Not only will the equipment be used during an aircraft crash, but can also be used during motor vehicle accidents, forcible entry, structural collapse, and heavy rescue incidents.

**Phone: (216) 731-7014**

**Thinking About Winter...** I know we say this every year, but it is very important! Please be patient with our snowplow drivers when we have snow, they are doing the very best that they can do. Don't drive too closely behind a plow truck they may stop suddenly or back up and they may not see you. We want everyone to stay safe on the roads.

Do **NOT** push snow from your driveway or apron into the street, if you are seen doing this you could get a citation. Also, we **do not** remove snow from driveway aprons, which is the responsibility of the homeowner, we can't angle our plows differently so the snow doesn't go into your apron. This happens every year and we know a lot of our residents have their driveways plowed, but there is nothing that can be done about this.

Please tell your snow plow drivers **do not** put snow in the middle of your cul-de-sacs, or on someone else's tree lawn. The **only** place your snow from your driveway should go is on your tree lawn. Please note: Snow plow driver's must obtain a \$10 snow plow permit per vehicle from the Police Department to be able to remove snow in Richmond Heights.

Make sure to check your rural mailboxes throughout the winter months, snow and ice coming off the snowplows can loosen them and eventually knock them off. We are not responsible for repairing or replacing them if we do not directly hit them with the plow.

#### **Pick Up Information for Large Waste Items...**

**Please call Waste Management, phone number: 1 (866) 797-9018**

There are certain items that Waste Management **will not** pick up. These items include but are not limited to, automotive parts including tires, blocks of concrete, rocks, earth, logs, bushes with roots, and household hazardous waste materials.

Generally, Waste Management will pick up large furniture, you should call them first to let them know you will have it out and to inquire about any special instructions. One special instruction they do have is: anything that is fabric, mattresses, chairs, couches, etc. **must be wrapped in plastic and sealed with either duct tape packing**, or they **will not** pick it up. If you have carpeting to get rid of you must cut it into 4- foot lengths, roll it and tie it and wrap it. Make sure each roll is not too heavy for one man to pick up, or they will tag it and leave it on your tree lawn. Waste Management's phone number is: 1 (866) 797-9018

At this time there is no fee to pick up appliances such as refrigerators, freezers, stoves, washers, dryers, or hot water tanks. Call the Service Department for a pick up (216) 731-7014. They pick up Monday – Thursday, please give them a day notice for all pick-ups.

Yard waste will continue to be picked up on your normal collection day by our contracted hauler, Waste Management. When you bag grass and other yard materials **do not** make them too heavy or the hauler will not pick them up, heavier than 30 to 35lbs. They will pick up branches also, you need to have them cut in lengths of 3-4ft, bundled and tied, again please watch the weight of the bundles.
