DANIEL J. URSU  
MAYOR

March 29, 2012

*To: The Honorable Mayor Daniel J. Ursu*  
*From: Chief Gene P. Rowe*  
*Subject: DIVISION OF POLICE – 2011 ANNUAL REPORT*

*The following pages contain the 2011 Annual Report. The annual activities in 2011 decreased compared to the activities in 2010. The number of Computer Aided Dispatch (CAD) entries, which is the most accurate account of all department activity, including calls for service, decreased by 4% from 2010 (from 27,219 to 26,120).*

*There were some changes in our crime statistics. Our Part I Crimes were up 36% from 2010. The total number increased from 354 to 483. Auto Thefts increased by 250% (+21). The number of larcenies was up in 2011 by 94 or 33%. There were eleven (11) more burglaries in 2011 than in 2010, a trend similar to our neighboring communities. Robberies and assaults were slightly up, robberies from 8 to 10 and assaults from 14 to 20.*

*Statistics relative to the number of traffic crashes, arrests and traffic citations were also slightly different in 2011. In 2010 we had a total of 322 accidents compared with 324 in 2011. There were 148 fewer traffic citations issued in 2011. This was due to the decrease in staffing and less uncommitted time for officers to conduct traffic enforcement.*

*There were 417 adult prisoners incarcerated in the city jail, up 8% from 2010. The average length of stay for an adult prisoner in 2011 was 41.5 hrs. and the average daily population in the jail was 3.1. There was a decrease in the number of juveniles filed on in Juvenile Court, due in large to our Juvenile Diversion Program. There were 56 juveniles filed on in 2010 compared to 156 in 2010.*

*The police department was not able to conduct the DARE Program in 2011 due to low staffing and reduced overtime.*

*The police department applied for two grants in 2011 in an effort to bring back some of the laid off personnel, and to purchase an automated fingerprint device for use in the station and detective bureau. The COPS Hiring Recovery Grant Program (CHRP) was re-opened in 2011 for agencies that were still on the list from 2010. Again the grant was very competitive considering the number of agencies nationwide that were competing for the dollars. As in 2010,*

*we were not awarded either grant. In the case of the COPS Grant, we were able to show the need, but our crime statistics were not as high as some other agencies, which brought down our overall score/rating. We did not receive an award for the fingerprint device either, the reason cited again was that more dollars were requested by agencies than there were grant dollars available.*

*Since the staff reductions in 2009, the department has not had its remaining full time complement of sworn officers (17) available for duty until June 21, 2010. From December 2008 until June of 2010 there had been one or two officers out for various medical problems. Each time one officer would return to duty, another one would go out. This trend began again in March of 2011. From March 2011 until the end of December we were short one officer due to injury or other medical condition. Our staff of dispatchers is still down, requiring overtime to cover sick leaves, vacations and training.*

*The year 2011 was a challenging one for the police department and the city alike. The police department continues to find itself in a position of reacting to situations rather than preventing or reducing the frequency of these situations, an exercise in trying to maintain a status quo. As we try to maintain and things around us continue to change, we will not be able to maintain, but will go backwards. Though crime patterns may fluctuate, the demands for police service and the mandates placed upon the police service by new laws with more cumbersome arrest procedures, continues. The added burden of following specific procedures and completing the associated paperwork, takes the officers off of the street for longer periods of time. This reduces the amount of uncommitted time that officers have to be proactive.*

*The police department will continue to strive to meet new challenges without reducing the quality of service that the residents have come to expect, but this will be difficult in 2012 as resources in staff, equipment and dollars continues to decline. I acknowledge the hard work and dedication of all of the members of the police department for their efforts in 2011. I am also grateful for the support and assistance provided to us by the surrounding police agencies who were aware of our staffing situation and offered their assistance if needed. I would also like to thank you, and the other department heads for their cooperation and teamwork. A special thank you goes out to the Law Department, Director Todd Hunt and City Prosecutor Jon Greenberg for their valuable assistance day in and day out.*

*Respectfully submitted,*

*Gene P. Rowe, CLEE  
Chief of Police*

**2011 Annual Report**  
**Richmond Heights Police Department**  
**Community Juvenile Diversion Program**

Submitted by Denise R. DeBiase, Sergeant RHPD

Once again, it is an honor and privilege to submit the following statistics for this worthwhile program:

An offer was extended to twenty-four juveniles to participate in the program. Of the twenty-four, twenty-three accepted. As of December 31, 2011, forty-four juveniles since the inception of the program will have successfully completed their requirements.

460 hours of community service were ordered by Magistrate Janet Kronenberg for these twenty-four juveniles. Community service was completed in the city of Richmond Heights and surrounding communities. Juveniles worked at The Salvation Army, the Cleveland Food Bank, the YMCA, church functions, charity events, their city's Home Days, assisted the elderly, the disabled, their neighbors, cleaned up garbage around the city, and became peer mediators. Most juveniles worked at Greenwood Farm to assist in the rehabilitation of the property. Additionally, they cleaned police vehicles in and out and completed cleaning chores at the RHPD.

A \$25 participation fee is required to enroll in the program. \$575 was received from participants for the year.

Grant money was not received from the county this year due to cutbacks and carryover. Carryover from 2010 was \$10,279.00.

Seven hearing dates were conducted with Magistrate Janet Kronenberg, (March 14<sup>th</sup> and 15<sup>th</sup>, July 28<sup>th</sup>, November 17<sup>th</sup>, December 1<sup>st</sup>, 15<sup>th</sup> and 19<sup>th</sup>).

Material expenses for the year 2011 were as follows:

Anti Virus software: \$39.99

Car wash supplies: \$27.99  
Total: \$67.98

Manpower expenses: Unknown at this time
