1325.11 OHIO BOARD OF BUILDING STANDARDS ASSESSMENT.

(a) The Commissioner of Building, Zoning and Housing shall collect and remit on behalf of the Board of Building Standards an assessment equal to three percent of the prescribed building permit fees on nonresidential structures as required by state law.

(b) The Commissioner of Building, Zoning and Housing shall collect and remit on behalf of the Board of Building Standards an assessment equal to one percent of the prescribed building permit fees on residential structures as required by state law.

1325.12 CASH DEPOSIT FOR ADDITIONAL PROFESSIONAL SERVICES.

(a) In addition to any other fees or deposits required by other sections of these Codified Ordinances, the Commissioner of Building, Zoning and Housing shall charge and the Director of Finance shall collect a deposit in the amount of two percent (2%) of the City Engineer's estimate of the cost of the construction which is the subject of the building permit or other application but not less than one thousand dollars (\$1,000) unless the City Engineer approves, in their sole discretion, a lesser amount, to reimburse the City for expenses incurred for additional or supplemental engineering, legal, landscape architecture, or other professional services rendered as a result of the application for a building permit, the review of preliminary and final site development plans, land subdivisions, miscellaneous lot splits and consolidations, and/or rezoning applications.

(b) Charges for the professional services of the City Engineer, Director of Law, planning consultants, Landscape Architect, or their designees shall be at the rates set forth in their contracts or ordinances with the City.

(c) In the event that the monies deposited by an applicant as required in subsection (a) hereof are not sufficient to reimburse the City as provided in subsection (a), then the applicant shall be required to deposit additional monies in series of one thousand dollars (\$1,000) as requested by the City, up to the total amount for said reimbursement.

(d) Any sums not so charged against such deposit as required in subsections (a) and (b) hereof shall be refunded to the applicant no later than sixty days from the completion of the construction, the granting or refusal of the permit, the approval of the preliminary and final site development plans, subdivision or lot split or consolidation, or the granting or refusal of the rezoning application.

(e) In addition to all other remedies provided by these Codified Ordinances or by law, the City may issue a stop work order or rescind any permits or approvals for violations of this section.

1325.13 TOPOGRAPHIC MAP NECESSARY FOR BUILDING PERMIT.

All persons making application for a building permit to the City shall submit therewith a topographic map of the lot or parcel to be imposed showing existing and proposed elevation. The scale of such map shall be one inch equal to ten feet.

1325.14 SENIOR CITIZEN EXEMPTION.

Residents obtaining status as a senior citizen (i.e., sixty years of age or older) shall be eligible to obtain a permit for a hot water tank replacement at no charge upon submitting proof of age and ownership of the real property to the Commissioner of Building, Zoning and Housing at the time of making application for a permit.

1325.15 INSPECTION FEES.

The fee for inspection services rendered by a full-time City inspector on any type of improvements including subdivision improvements performed in the City including but not

limited to inspections of sanitary sewers, water or storm sewer improvements, gas lines, underground telephone conduit, paving and sidewalk construction shall be at the prevailing rate as established by the City Engineer and approved by Council.

1325.06 CONTRACTOR’S INSURANCE AND CASH BOND DEPOSIT.

(a) Contractor’s Insurance and Contractor’s Cash Bond Deposit. Before any building permit shall be issued, the applicant shall deposit with the Commissioner of Building, Zoning and Housing an insurance policy, issued by a company authorized to write insurance in all of the State of Ohio, designating the City as the insured therein, by the terms of which the City is saved harmless from any and all claims for bodily injury within the limits of one hundred thousand dollars (\$100,000) for each person and three hundred thousand dollars (\$300,000) for each accident and for property damage claims in the amount of fifty thousand dollars (\$50,000) for each accident arising or growing out of the street opening or removal of the surface of any sidewalk or opening in any sidewalk or the prosecution of the work for which the permit is obtained or in any manner arising or growing out of the work necessary or incident to the issuance of the permit or that may be occasioned by reason of any opening or anything else done pursuant to a permit.

(b) Contractor’s Bond Deposit. Prior to the issuance of any building permit, a contractor’s bond deposit in the form of a cash surety bond or certified cashier’s check shall be deposited with the Commissioner of Building, Zoning and Housing as follows:

- (1) Residential (one, two, three family residential)
 - A. Additions and alterations

1. Less than 200 square feet of gross floor area (GFA)	\$200.00
2. More than 200 square feet but less than 500 square feet of GFA	\$500.00
3. More than 500 square feet of GFA	\$1,000.00

- B. New construction \$2,500.00
- (2) Other than one, two and three family residential
 - A. Two percent (2%) of the cost of the project,
but not less than.....\$2,500.00

Such deposit shall be a guarantee that the applicant will repair or replace any damage or destruction to any publicly-accessible sidewalk, curb, street or tree lawn; the construction and maintenance of the temporary drive; the proper site grading; the installation and completion of the final grade including the installation of topsoil and seed and the covering of such with mulch; the cleaning of the premises and tree lawn of all dirt, debris, refuse, rubbish and material and the cleaning of the public streets, catch basins and/or sewers of the accumulation of any mud, filth or debris which may have been accumulated there as a result of the delivery of material, supplies and other things to such premises; and for the completion of sidewalk, lot pins and compliance in all respects to the applicable building and zoning codes of the City.

If the provisions of the Building and Planning and Zoning Codes and the orders of the Commissioner of Building, Zoning and Housing pertaining thereto are complied with, the deposit shall be refunded as soon after final inspection of the final grade and installation of grass seed as can be conveniently done upon written request.

(c) Use of Contractor’s Bond Deposit. An order to correct any condition or remove any substance shall be complied with within the time period as supplied by law, the Commissioner of Building, Zoning and Housing shall cause the same to be done at the expense

of the permit holder and the Bond Fund shall be subjected to the payment of the expense thereof. In addition, any charges incurred over and above the fee set forth in this Chapter for the inspection of the footer grade, rough grade and final grade due to the contractor's failure to comply with approved plans shall be deducted from the contractor's bond deposit. If such deposits are insufficient to fully pay for such expenses, then the permit holder shall be liable for the additional amount in excess of the Bond Fund, which coverage shall be collected by the Director of Law in a court of competent jurisdiction.

The deposit shall be subject to payment of all unpaid inspection and re-inspection charges set forth in this Chapter.

1325.99 PENALTY.

Whoever violates any provision of this chapter is guilty of a misdemeanor of the first degree. Each day that such violations or such work continues in violation of these provisions shall constitute a separate offense.”
